Good Source Secures GSA Contract, Delivering Cost Saving Product Solutions to Federal Facilities

San Diego, Calif. – May 25, 2010 – Good Source Solutions is proud to announce their recent GSA contract acquisition, allowing federal facilities to procure food products at phenomenal prices.

“As one of the main providers to federal facilities, we are keenly aware of their budgetary constraints,” explains Sharone Story, Vice President of Sales & Marketing. “Teaming up with GSA allows us to offer our cost saving product solutions to even more facilities affected by our current economy.”

Delivering Savory Savings

Among the product solutions Good Source offers as GSA contract items are portion control sugar free drink mixes available in 6 flavors, a calcium fortified drink concentrate available in 4 flavors, an individually wrapped Danish and individually wrapped crème cookie sandwiches available in 5 flavors.

About Good Source Solutions

For over 20 years, Good Source Solutions has been a nationwide industry leader in food for niche and special application markets challenged by budgetary constraints including the [correctional food service](#) industry. Good Source has provided value to food programs in the

corrections industry, schools sector, relief organizations, non-profit food agencies and other alternative markets by developing and providing unique products tailored to this specialized customer base. We work closely with our customers in areas such as menu planning, portion control, product sourcing and delivery.
